B.C. Registered Foresters Elect Officers

At the annual meeting of the Association of B.C. Registered Foresters held in Victoria, January 9, 1953, the following officers were elected: Walter G. Hughes, President—head of the Working Plans Division, British Columbia Forest Service, Victoria; Ken C. McCannel, Vice-President—with C. D. Schultz & Co. Ltd., Vancouver; R. R. Douglas, Past President—Chief Forester Alaska Pine and Cellulose, Vancouver.

Re-elected Members of Council: G. S. Allen, Professor of Silviculture, University of British Columbia; Harold G. McWilliams, head of Reforestation Division, British Columbia Forest Service, Victoria.

New Members elected to Council at the same time were: Ian T. Cameron, Assistant District Forester, Vancouver; W. Stanley Hepher, Forester, Alaska Pine and Cellulose; Robt. C. St. Clair, Consulting Forester, North Vancouver, formerly Assistant Chief Forester, British Columbia Forest Service; F. M. Knapp, Faculty of Forestry, University of British Columbia, reappointed registrar.

AWARDS

Forestry Scholarships at U.N.B.

Howard J. Irving, Newcastle, New Brunswick, and Donald E. Bell, Montreal, have been awarded scholarships, each of the value of $250, at the University of New Brunswick, Dr. A. W. Trueman, the president, has announced. Both are students in the postgraduate course in logging which is given at U. N. B. by Prof. Louis R. Scheult.

The scholarships were made available by the Anglo-Canadian Pulp & Paper Mills and the Gaspesia Sulphite Company respectively.

In addition to his academic accomplishments, Bell, whose permanent address is 2101 Desery Street, Montreal, has had an outstanding extracurricular career at U.N.B. He has been prominent in dramatic productions and has been a member of the Varsity football and swimming teams.

Irving graduated in 1949 and has had three years professional experience in the Mirimachi Lumber Company. He is a native of Hartland.

Western Forestry Conference

The following resolutions adopted by the 43rd Western Forestry Conference of the Western Forestry and Conservation Association, Victoria, British Columbia, December 10, 11, 12, 1952, are of interest and importance to Canadian readers:

"2. Keep Green Program. The excellent forest fire control experience in 1952 directs attention to the Keep Green program as a motivating force in reducing man-caused fires and for greatly increased forest fire consciousness on the part of the general public. The Western Forestry and Conservation Association congratulates the Keep Green organizations throughout the United States, the Canadian Forestry Association, and the thousands
